Needed!**

# WIDA Screener for Kindergarten Field Testing

WIDA is developing a new Kindergarten screener that can be used to identify Kindergarten English learners. This test will replace the Kindergarten W-APT.

At this point in the development process, WIDA is seeking schools that can administer the Kindergarten Screener to at least 20 students during a field test in early 2020.

WIDA will provide all test materials and a test administration manual to make the testing process as easy as possible. Sites that successfully complete the field test process will receive \$100.

## Field Test Process

- The field test opens on January 6, 2020 and closes on February 28, 2020. Currently enrolled Kindergarten students will be tested.
- WIDA will provide all training and test materials, including a test administration manual.
- The Kindergarten Screener is delivered individually, on paper. One test administrator will give the test to one child at a time.
- Set aside one hour for testing each child. It takes approximately 45 minutes to administer all four language domains of the test.
- The Kindergarten Screener will be familiar to those who are accustomed to administering WIDA Kindergarten ACCESS for ELLs or WIDA MODEL for Kindergarten.

**Thank you for considering this opportunity!**
