UNIVERSITY OF WISCONSIN-MADISON

WIDA ACCESS Online for District and School Test Coordinators

Dates: July 9 - 17, 2025

Locations: Tallahassee, Jacksonville, Ocoee, Tampa, and Miami

Time: Choose either morning or afternoon session

Audience: This training is designed for a test coordinator of WIDA ACCESS Online.

Description: During the training, participants will learn about the procedures for facilitating the overall administration of WIDA ACCESS Online. Topics include managing test materials, setting up testing schedules, monitoring test administrator certifications, and many other details. All participants must have computers or tablets to access sample items. This is not a replacement for the online training course via the WIDA Secure Portal.

Participants will be able to

- Discuss the features of WIDA ACCESS Online
- Describe the training and preparation requirements
- Explain the technology basics for WIDA ACCESS Online
- Identify the different aspects of online test administration, such as
 - Domain test details
 - Accessibility and accommodations
 - Preparing students for the test
- Describe the administrative functions of test coordination in WIDA AMS
- Explain test administration monitoring and materials management
