

**Georgia
State Specific Directions
ACCESS for ELLs Administration 2024-2025**

These instructions should be used when completing demographic information on the test book for students who do not have a PRE-ID label. These instructions are also needed for coding the primary disability for students with an IEP or IAP, even if a PRE-ID label is applied.

NATIVE LANGUAGE: Use the [FY2025 LANGUAGE CODES.pdf \(gadoe.org\)](#) to indicate the student's primary language in this field.

Student STATE ID NUMBER: Use the student's **10-digit Georgia Test Identification Number (GTID)**. Code numbers left to right. Do not add zeros in spaces 11-15.

DISTRICT STUDENT ID Number: Do Not Code, Leave Blank.

STATE-DEFINED OPTIONAL DATA: Use this area to bubble the State Required Code (SRC) for the student's primary disability according to the directions below.

Columns 1 and 2: For students with disabilities, code the student's primary classification using SRC 01 – 12 or 15. Code only one classification. For SRC 01-09, retain the leading zero. Code numbers left to right.

Columns 3 and 4: Leave blank.

Columns 5 and 6: Leave blank.

Columns 7-10: Leave blank.

Note: SRC 13 Limited English Proficient and SRC 19 English Learner– Monitored (EL-M) are not available for coding.

Remember, non-EL and EL-M students should not be tested.

State Required Codes (SRC)

DISTRICT DEFINED OPTIONAL DATA: This area will be used to code irregularities. Should an irregularity occur during the test administration, report this to your School Test Coordinator. The School Test Coordinator will contact the System Test Coordinator for instructions.

SCHOOL USE ONLY— NON-SCORING CODES: Contact your School Test Coordinator for instructions before coding information in this box. The School Test Coordinator will contact the System Test Coordinator for confirmation of codes in this section.

Language Instruction Education Program (LIEP) Classification

LIEP Classification is a data point WIDA collects as part of the Pre-ID upload, and it is reported on the SSR/DSR if the information is provided. It is an optional data point, but completing this field provides valuable information about services provided to the student.
