

WIDA ACCESS

ONLINE TECHNOLOGY 101

**TUESDAY
JUNE 16, 2026**

2:00 - 3:30 P.M. ET

SCAN ME

Join us on Tuesday, June 16 from 2:00-3:30 p.m. ET for a webinar on WIDA online assessment technology.

WIDA and experts from Data Recognition Corporation (DRC), WIDA's vendor for the WIDA ACCESS Online test platform, will present about the technology used for WIDA ACCESS Online, and about the WIDA Assessment Management System (WIDA AMS), DRC's platform for student and test registration management.

We'll provide a suggested technology implementation roadmap for your district and share key resources to make sure your technology is ready to go for WIDA ACCESS in 2026-2027.

We encourage test coordinators, test administrators and technology coordinators in New York to attend.
