Marco DALE – the WIDA Spanish language development standards framework is now available! El *Marco de los estándares del desarrollo auténtico del lenguaje español de WIDA* (Marco DALE) is a framework for instruction, curriculum, professional development, and assessments of Spanish language development of bi/multilingual learners who are learning in Spanish.

Marco DALE

- Serves grades K–12 within bilingual education contexts and heritage and world language settings
- Supports collaboration among members of the teaching community and interactions among bi/multilingual learners
- Promotes the integration of language and academic content via the presence of multiliteracies in education
- Encourages equity of opportunity and access through the transculturalism demonstrated by bi/multilingual individuals
- Continues to advance the field of language development and academic achievement for bi/multilingual learners, pushing forward the latest theory, policy, and practice
- Aligns with the Marco ALE and the WIDA ELD Standards Framework, 2020 Edition
