

This document contains guidance on the identification and placement process for newly arrived English language learners in your state. WIDA and your state education agency have worked together to provide this outline of policies, procedures, assessment options, test administrator training requirements, and criteria for placement in ELL services. This document is updated each spring and throughout the year per SEA request.

Initial Assessment and Identification

Questions/Topic	State-specific Guidance
Process Overview	<p>Step 1: Establish procedures in accordance with Department of Elementary and Secondary Education (Department) guidelines to identify students who may be English learners (ELs) or former English learners (FELs).</p> <p>Step 2: Administer a home language survey (HLS) to all newly enrolling students.</p> <p>Step 3: Screen the English proficiency of a student when the answer to any of the questions on the HLS is a language other than English. A screening test is not necessary for students who come from another Massachusetts district or another WIDA state if the district is able to obtain ACCESS results from the test that was administered within the last calendar year.</p> <p>Step 4: Determine whether the student is an EL using screening test results and make initial placement decisions.</p> <p>Step 5: Notify parent and/or legal guardian of screening test results and initial placement decision.</p> <p>Step 6: Code the student determined to be an EL in Student Information Management System (SIMS) reports submitted to the Department until the student meets exit criteria as established by the Department.</p>

Initial Assessment and Identification

Timelines	The English language proficiency screening shall take place and parents will be notified of the results in their preferred language no later than 30 days after the beginning of the school year and within two weeks if the student enrolls in the school district during the school year. Districts should keep a record of the parents' preferred language for future communications as well.
Home Language Survey	<p>Administer the Home Language Survey (HLS) to ALL new students. Districts should administer the HLS provided by the Department, or another survey identified by the district, provided the district's survey contains all questions asked in the Department's version, to the parents of all new students enrolling in Pre-Kindergarten (Pre-K) through 12th grade. If enrollment takes place at a central intake location, there should be a sufficient number of individuals designated and trained in administering the HLS at that location. If the enrollment takes place directly at schools, each school should identify and train at least one person to administer the HLS.</p> <p>Establish a record-keeping system. HLSs provide useful information about ELs. Districts should file HLSs in students' cumulative folders as a resource for educators. Districts should keep a record of the parents' preferred language for future communications.</p> <p>Districts must screen every newly enrolled student whose HLS indicates that there is a language other than English spoken at home. In other words, districts must administer a language proficiency screening test when the answer to any question on the HLS is a language other than English, with the following limited exceptions:</p> <ul style="list-style-type: none"> • students who were previously classified as ELs and were then reclassified as FELs in their former district; • students who transferred from another district within Massachusetts or another WIDA state and who did not qualify as ELs on the English proficiency screening test administered in their former districts; and • students who transferred from another district within Massachusetts or another WIDA state with ACCESS results from the last calendar year.

Initial Assessment and Identification

State Approved Assessments**Pre-school**

- Pre-IPT Oral ages 3-5
- Pre-LAS Observational Assessment ages 3-3.11
- Pre-LAS 3-5

Kindergarten W-APT or **Kindergarten MODEL** can be used to screen incoming Kindergarten students and 1st grade students during the first semester until January 1, 2023. The K W-APT will no longer be available for download in the WIDA Secure Portal after June 30, 2022. The K MODEL will continue to be available for purchase as an interim assessment tool only.

WIDA Screener for Kindergarten: The new WIDA Screener for Kindergarten was approved in March 2022. Schools may continue to use either the K W-APT or the Kindergarten MODEL to screen incoming kindergarten students and first-semester first graders until January 1, 2023. After January 1, 2023, the only screener approved for use in screening kindergarten and first-semester first grade students will be the WIDA Screener for Kindergarten.

The reading and writing portions of the WIDA Screener for Kindergarten may be administered in the second half of the year to students who were not identified as EL based on their Listening and Speaking scores in the first semester in order to verify whether the student is EL. If the student is EL, they must be given the ACCESS test.

Please see [WIDA Screener for Kindergarten Guidance for Administration During Kindergarten Registration](#) for additional information regarding administration of the WIDA Screener for Kindergarten.

WIDA Screener (Paper & Online versions) is to be used to screen students in second-semester first grade through 12th grade.

To see a list of approved screening assessments, training information, and where the assessments can be obtained, see the [Initial Identification of ELs document](#) on the Department's web page.

They must take all other grade appropriate assessments.</p> <p>For more information on the identification and placement process, please see the Initial Identification of ELs document from the Massachusetts Department of Elementary and Secondary Education.</p>								

Test Administrator Training and Certification

Question/Topic	State-specific Guidance
Test Administrator Qualifications	<p>To the extent possible, Test Administrators should be education professionals employed by the district, such as teachers, administrators, or related service providers. Paraprofessionals may administer the tests provided they are monitored by a test administrator, have completed the online training for the tests they will administer, and have passed the required certification quiz(es). Individuals <i>prohibited</i> from being Test Administrators include individuals not employed by the district and anyone who has not completed the relevant training and certification. Accommodations may be administered by test proctors, provided they receive training prior to test administration and are under the direct supervision of a Test Administrator. The Test Administrator Manuals (located in the WIDA Secure Portal on the Resources page) describe the responsibilities of Test Administrators. The Test Coordinator will determine which tests will be administered by each Test Administrator.</p> <p>All Test Coordinators and Test Administrators administering WIDA Screener, WIDA Screener for Kindergarten, Kindergarten W-APT, or Kindergarten MODEL for the first time must take the applicable training (online course or CD/DVD) and pass the certification quiz (applies to WIDA Screener and WIDA Screener for Kindergarten only).</p> <p>Those who took the WIDA Screener or WIDA Screener for Kindergarten training course and passed the certification quizzes for WIDA Screener or WIDA Screener for Kindergarten tests in 2021-2022 (last year) do not need to requalify on the quizzes; all others must take the online training and pass the certification quiz for tests they will administer in 2022-2023. Those who took the K W-APT or K MODEL training in 2021-2022 (last year) do not need to take the training again this year.</p> <p>Training and certification is required every two years for all tests being administered.</p>
Test Administrator Training Requirements	<p>Kindergarten W-APT: Test Administrators must review the K W-APT Test Administration Manual and Scored Student Writing Samples, and training tutorial prior to administering the assessment.</p> <p>WIDA MODEL for Kindergarten: Test Administrators must complete the training CD/DVD.</p> <p>WIDA Screener for Kindergarten: Test administrators must complete the online training course in the WIDA Secure Portal and pass both the WIDA Screener for Kindergarten: Oral Language and WIDA Screener for Kindergarten: Literacy certification quizzes prior to administering the screener.</p> <p>WIDA Screener (Grades 1-12): Test Administrators must complete the appropriate online training courses and pass the certification quiz for the tests they will be administering:</p>

Test Administrator Training and Certification

	<ul style="list-style-type: none"> • WIDA Screener Online: Administration • WIDA Screener Paper: Administration <p>To be certified to score WIDA Screener, test administrators must complete the following courses for the grade level tests and domains they will be scoring:</p> <ul style="list-style-type: none"> • Speaking for Grades 1-5: Scoring ACCESS Paper and WIDA Screener • Speaking for Grades 6-12: Scoring ACCESS Paper and WIDA Screener • Writing for Grades 1-5: Scoring WIDA Screener • Writing for Grades 6-12: Scoring WIDA Screener <p>If a Test Administrator has completed the Speaking scoring training course for the ACCESS paper-based assessment, the Test Administrator is also certified to administer and score the WIDA Screener Speaking Test.</p> <p>Training and certification is required every two years for all tests being administered.</p>
<p>Website Permissions</p>	<p>WIDA Permissions (portal.wida.us) Test Coordinators and Test Administrators must set up a WIDA personal account to access the training courses and test administration materials.</p> <p>Educators who wish to set up an account may do so by contacting their District Test Coordinator. ELL Program Requirements – Services & Support

Question/Topic	State-specific Guidance
ELL Services or Program Requirements	Please see the Department’s website for information regarding English learner education programs.
Declining Services	<p>“Opt-out” Requests</p> <p>The decision to opt out must be voluntary and informed, and not the product of district practices or influence, the result of inadequate or inaccurate information, or inadequate district resources. In opt-out cases, the district must inform the parent of the services the child would receive in the district’s English learner education programs, as well as the type of support that the district will provide to the student if the parent decides to “opt out”. Parents should revisit their decision to opt out every year and submit a new request for the current academic year.</p> <p>If a parent of an EL decides to “opt out” of a language program, districts should place the student in an English language mainstream classroom or with an SEI-endorsed teacher and maintain the parent’s opt-out notice for each year in the student’s file. Under federal law, districts must provide instructional support to ensure all ELs, including those whose parent(s) has chosen to “opt out” of ELE programs, have access to the curriculum and receive the same opportunities to master the academic standards and curriculum frameworks as their native English-speaking peers. Districts must also classify them as “ELs” on district reports, annually assess their language proficiency with the state mandated English language proficiency test, ACCESS for ELLs, and notify parents of their child’s participation in such assessments, as well as assessment results. Therefore, in practice, a parent’s choice to opt their child out of an ELE program means their child will not receive separate English as a Second Language (ESL) instruction focused on language development, but the district will provide the necessary support and actively monitor the student’s progress to meet the student’s English-language and academic needs. Districts may also provide additional literacy and language support through reading specialists qualified to teach ELs or establish structured opportunities for the students’ content area teachers to plan content area instruction in collaboration with a licensed ESL teacher.</p> <p>Districts must also keep a record of how such students are provided meaningful access to the curriculum and how they are progressing academically. When a student demonstrates English proficiency through the ACCESS for ELLs summative assessment and schoolwork, districts should reclassify the student and document the change in the student’s EL classification, including evidence used to inform the reclassification, in the student’s record.</p> <p>See Monitoring Academic Progress of Opt-out Students for more information.</p>
