

Tandoori Chicken

In our family, we love tandoori chicken! It's made for all occasions. It's a roasted chicken dish marinated in yogurt and spices. Some people grill it to make the chicken more tender. Tandoori chicken originated in India. My grandmother gave this delicious recipe to my mom and this recipe is more than 40 years old. Actually my great grandparents started making this recipe and now it's a tradition in our family. The main ingredients are chicken, yogurt, spices (ginger garlic paste, salt, red chilli powder). In the past, people hunted chicken and harvested spices. And this recipe was mainly made during the "Eid" festival. Now it's a tradition in our family to enjoy whenever we want!
